**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a homeowner in San Francisco CA. I have been a Sonic customer for over a year supplied with fiber channel directly to my access point inside my house at much less expense than the major competitors AT&T and Comcast. If small local companies are regulated against then small companies will be forced out of business in much the same way that Robber Barrons were able to create monopolies and fix prices in the 19th and 20th centuries. If that happens I will be forced to pay more for an inferior service.
